With the high Quality of Indian products with their reputation for quality we expand by creating new export business in some of the fastest growing markets around the world. We also help our foreign customers find the Indian Products that they want from India.

Let us help you grow your business with great food from India!

INDIAN SPICES

Indian spices are popular all over the world since many centuries. Even before the beginning of currency transactions sailors from far off lands used to come and barter their goods for Indian spices. It is not an exaggeration if we say that even today the aroma of Indian spices can be felt at the nook and corner of the world.

VAD Industries Pvt. Ltd. are spice specialist, established exporter and suppliers of spices. Most of our spices are procured mainly from the growers, association of growers or cooperative society from different locations in India depending on spice produce and also directly from the spices board. To ensure quality, we monitor every stage closely. We select the finest of the spices from the farms where growing spices is a tradition and a faith. Our commitment to quality and intimacy with purity roots deep into the spirit of Indian spices.

VAD Industries Pvt. Ltd. spices are packed using an indigenous processing method hence retaining the taste, aroma, colour and texture of freshly grounded spices and are packed using appropriate materials and stored in an excellent condition which retains the quality, colour, texture, taste and aroma for a longer period. Special care is taken while packaging our spices to ensure that it is done in a hygienic manner and retains the taste and quality of the spices. Our range of spices gives the taste of freshly ground spices.

GROUND SPICES

RICE

India is one of the world's largest producers of rice, accounting for 20% of all world rice production and accounts for over 70% of the world's basmati rice production, Rice is India's pre-eminent crop, Rice is the staple food for two-thirds of the world's population. This simple grain has been a popular life-sustaining food for thousands of years because it is nutritious, versatile, economical, easy to prepare and tastes good. Rice is cultivated in more than 100 countries and on every continent except Antarctica. Rice is one of the chief grains of India. Moreover, this country has the largest area under rice cultivation, as it is one of the principal food crops. It is in fact the dominant crop of the country.

The rice that we supply is processed under hygienic conditions. To retain the quality and longer shelf life of our rice, we pack it in varieties of packaging like Polypropylene (PP), BOPP, Jute bags etc. or as specified by the client.

Indian Basmati and Non-Basmati rice is high in demand due to its grain size and excellent aroma. We are one of the prominent exporters and suppliers of all varieties of basmati and non-basmati rice from India.

PULSES & OTHERS

The word "Cereals & Pulses" commonly known as peas, beans or lentils is today a household word. These are found to contain low fat, low sodium, high fiber, no cholesterol and a good source of protein and minerals. They have emerged as the most important crop group which has been cultivated by human since ancient times. They have become very important in our daily diet. At least one of these cereals & pulses like chickpeas, green millet, wheat flour & yellow maize is found in the menu of most of the Indian families every day.

The products we can export 100% Indian origin offering the best prices through reduced overheads while maintaining the highest quality through our rigid quality assurance program. We work actively with the most experienced processors to provide the best quality care to our clients in terms of product quality, shipment handling, customer satisfaction and competitive price.
